ABORTION UP TO BIRTH FOR ANY REASON? NOT IN MY QUEENSLAND!

Queensland Parliament is about to vote on new laws that would mean:

- abortion at any stage of pregnancy, for any reason
- gender selection abortions allowed
- no independent counselling required
- no cooling-off period
- no parental consent safeguard
- it will be illegal to be at the clinic, asking your partner/daughter to reconsider

Speak to your MP in person and ask him/her to vote against these extreme Pyne bills. Don't be fobbed off.

PLEASE DO IT NOW. BEFORE IT'S TOO LATE.
