# Labor's proposed **LATE-TERM ABORTION BILL**

On 16 July, the Queensland Labor Government announced an **EXTREME AND BRUTAL** Bill, the Termination of Pregnancy Bill 2018, which would **LEGALISE ABORTION TO BIRTH**. With the debate on the Bill scheduled for 16 October, it is imperative that Queenslanders urge their MPs to vote No.

1

**Abortion for any reason to  
22 weeks gestation.**

2

**Abortion from 22 weeks to birth, under a wide  
range of criteria including "social" reasons.**

3

**Sex-selection abortion.**

4

**No safeguards for women considering  
abortion - no independent counselling,  
informed consent conditions or cooling  
off periods.**

5

**Abortions to be done in public  
hospitals for free.**

6

**Doctors with conscientious objections  
must refer for abortion.**

7

**150 metre exclusion zone around  
abortion clinics.**

Please urge your state MP  
to reject this extreme bill.
